

Mayor Brindle's
COVID-19 Update
June 25, 2021

Regional Health Officer Megan Avallone reports that the state continues to have three regions in a low activity level, while the rest of the state -- including our Central East region -- remains at a moderate activity level. Locally, Westfield continues to show a low level of activity.

The state's seven-day average for new confirmed cases is down 3% from a week ago and down 58% from a month ago. Governor Murphy said today, that, for the first time since July 30, 2020, there were zero reported in-hospital COVID deaths in New Jersey yesterday.

Statewide, vaccination rates have decreased 31% from last week's rate, with an average of 32.8K doses administered per day. More than 4.86 million people who live, work, or study in New Jersey have now been fully vaccinated, and the statewide transmission rate is 0.94.

In Union County, 318,614 residents (57.2% of the total population) have received one dose of vaccine, and 275,074 (49.4% of total population) are fully vaccinated.

In Westfield, 92% of those 65 and older, 89% of the adult population (18+), and 70% of the entire population has been vaccinated with at least one dose. In terms of those fully vaccinated, the data shows 87% of those 65 and older, 81% of adults (18+), and 63% of the entire population.
